

## **Mark Gardner, MBA, JD**

Mark founded Gardner Law, an FDA law firm that specializes in regulatory, compliance, and privacy matters. Using his real-world in-house experience, combined with extensive private practice experience, which includes secondments with some of the largest healthcare companies in the world, Mark solves multifaceted legal challenges for clients in a practical fashion. His unique background in healthcare, which spans back to 1999, is used to evaluate industry practices against regulatory requirements, helping companies achieve business goals in a compliant fashion. Mark works with regulators at the FDA, CMS, and OCR, and with law enforcement at the DOJ and OIG.
