

Ihab Ghaly

Ihab is a co-founder and Managing Director of G&M Health, focused on providing strategic direction and streamlined, cost-effective solutions for clients. Before founding G&M Health, he served as Senior Vice President, Quality, Regulatory and Sampling at J. Knipper and Company, responsible for Sample Accountability, Quality Assurance and System Validation operations, and business development related to PDMA, HIPAA, and other healthcare regulatory areas.

Ihab previously served as Director of Regulatory Affairs and Quality Assurance at McKesson Corporation, where he was responsible for three divisions within McKesson Healthcare Solutions. He has worked in regulated industries since 1991, and has management experience in sales, marketing, and import/export. He has designed and implemented many effective healthcare compliance programs, and represented companies in over 30 FDA, DEA and State audits. Ihab holds an M.B.A. from Rowan University
