

## **Patterson Shafer**

Pat Shafer is a Managing Director at FTI Consulting and leads the Life Sciences Regulatory and Quality practice. He is responsible for delivering services, solutions and thought leadership for pharmaceutical, biotech and medical device clients. He has 40+ years of experience solving complex global challenges and helping clients achieve their strategic and operational objectives in the areas of quality and compliance, regulatory affairs, and operations, clinical, safety and surveillance, manufacturing/supply chain, and medical affairs. Before joining FTI, Pat served in leadership roles at Grant Thornton and Deloitte Consulting and continues to lead workstreams within FDA's Case for Quality.
